THE PEOPLE WHO HAVE BEEN KIND ENOUGH
TO READ THIS SUBJECT

FROM : ISMAIL RUSTEM
WHO HAD BEEN THROWN TO THE STREETS
BY THE GOVERNMENT OF FEDERAL REPUBLIC OF GERMANY

The government of Federal Republic of Germany has taken my **FREEDOM** during the last 12 years by holding me **captive** in their hands, applying **psychological terror** as well as **torturing!!**

I am presenting to you my petitions (in Turkish and Azeri language) addressed to the European Courts of Human Rights dated **01.06.2010** and **24.06.2010**, and requesting you to read them in order to help me gain my **FREEDOM** back. You can reach to these petitions dated **01.06.2010** and **24.06.2010** by visiting my website www.rustemazeri.com by clicking on the files **02)-Strassburg 20.01.08 , 26) - Juni.2010 - Azeri -Turkish** and afterwards go to the next side **02) - 01.06.2010 - Turkish , 06) -24.06.2010 - Turkish** and www.rustemazeri.com by clicking on the files **02)-Strassburg 20.01.08 , 27) - Juli.2010 - Azeri -Turkish** and **28) - Okt.2010 – Azeri**. I have a very short life left due to 17 terminal diseases such as **cancer, diabetes, tuberculosis, chronic prostatitis, coronary (infakt), hepatitis, AIDS** etc. Despite of this fact, I can't stroll on the streets like a **FREE** man, live in a country where I would like to, choose a doctor I want and receive a proper treatment, because of the Germany's applicable laws of today. They are taking my **FREEDOM** away from me by restricting my treatment and committing murder. European Courts haven't been showing enough care to my cases (**No. 2968/09**)- (**No. 6859/08**)- (**No. 746/04**) and sustaining them for almost 7 years. As a result of 17 cureless illness along with **AIDS**, I can't stand any more since they are **creating new barriers against my treatment every day**. I can't **afford buying my medication any more** because of the **psychological terror, blackmailing, cruelty, poverty** I am going through!!! If they don't stop this cruel breach of my rights, injustice in a very short time, I will try hunger strike or maybe commit suicide for the sake of MY RIGHTS and FREEDOM!!!

NONE OF THE EVIDENCES GERMANY HAS BEEN COLLECTING BY COERCING ME FOR YEARS, DENYING ME MY FREEDOM, BLACKMAILING AND APPLYING PSYCHOLOGICAL TERROR CAN BE CONSIDERED VALID AS PER THE LAWS!!!

I would like to draw your attention to the fact that Germany is a country which had driven **thousands of foreigners** to committing suicide in the last **10 years**, denies **FREEDOM** to the **millions of the foreigners** who are living there today!!! Their aim is very simple.... They receive **€ 35,000** for each refugee living in the country from the World Bank, and we all know that they don't even spend **€ 5.000** per capita for their welfare. Just multiply this **€ 30.000** by **MILLIONS**, then you will understand their aim better. The foreigners like us, they let us do the dirtiest and the hardest work for them against a salary which a person can hardly live with for years without granting any work or residence-permit. **Slaves**, that is what we are for them. This way, they can avoid paying social insurance, invalidity indemnities etc. for their workers. That is the applicable laws they have been using to achieve this modern slavery. But, let's keep in mind that they need us since **70 %** of their population is consist of old people, and only **30 %** is young. They can't survive without labor force of foreigners. Despite to this fact, they still insists not to grant work permit to the **MILLIONS** of foreigners living there, don't they? According to the Human Rights Laws of European Union, it is a crime to restrict the **freedom** of the people, holding them **captives** and driving them to committing suicides. It is a **CRIME TO HUMANITY!!** Over **1000** Refugees had committed suicide in the last **10 years** in Europe because of the reasons mentioned above, and **none of them had come to this country to commit suicide!!!** There are laws in Germany causing people **die** and restricting **FREEDOM**.

Giving you my website www.rustemazeri.com , i am requesting you to help me to reveal this crime of humanity against these lonely human beings which have been the victims of misconduct of the judicial courts and system of a great country!!!

If you turn me down or cover their crime up, i will have no other option left except committing suicide !!! I will be just another number added to the number of the refugees committing suicide, but one day, **YOU WILL HAVE TO ANSWER** why you couldn't be aware of a man's war against a state or why European Courts, United Nations or Amnesty International failed to notice **80 judges'** wrong decisions which had caused a man to take his life.

Is the murdering of **1000** refugees an ordinary event ? Have these people come to Germany to die? Couldn't they die in their own countries in peace ? Haven't the German Judges, Officers and roughness of the German judicial system played any role in this crime ??? Have the United Nations and Amnesty International covered these suicides because these **1000** lonely refugees were insane and unbalanced people ??? It might seem impossible now, but one day, questions like these above will come up and **YOU WILL HAVE TO ANSWER**.

State of Germany is acting like a spoiled child who doesn't mind breaking his/her toys, throwing them away and doesn't bear any responsibility for them at all. But the fact is, neither Germany is a child, nor we are toys, we are **HUMAN**.

The Government of Federal Republic of Germany has to answer my questions in front of the laws of European Human Rights and of United Nations ;

I was in good health when I came to Germany from Azerbaijan, and then, i became the victim of 17 terminal diseases in 9 years. How can that happen? Didn't the court restrictions which prevented me to go to the doctors and receive proper treatment play any role in this? Wasn't i sentenced to death because of court verdicts which held me captive in Berlin?

As I dont speak English, I ask you to answer me in Azerbayrischan, Russen and Turkish

Thank you in advance.

Sincerely,

Rustem Azeri
