Berlin, 28.01.2011

Dear Mr. Rustem,

many thanks for your letter dated 26.01.2011.

The problems you describe are highly complex and require a lot of time to successfully deal with them.

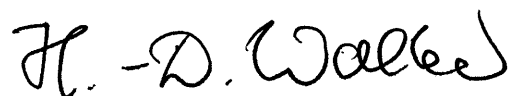

We therefore recommend to set up contact to an advisory board being competent to give you the necessary support. As we know you already have been for two years in contact to Mr. Joachim Rüffer from the Centre for Refugees and Support in Migratory issues (zfm). Mr. Rüffer is a colleague of us and willing to continue giving you the support you need.

You perhaps have lost or forgotten Mr. Rüffer's contact data:
